Quality SENSORS at SENSIBLE prices!

Fiber Photoelectric Amplifiers

The new OPT series of fiber optic photoelectric amplifiers adds IO-Link capability and transparent recognition to our reliable fiber optic line. With a large detection and working range, and supreme noise protection, these fiber optic amplifiers are an ideal solution for even the toughest application.

- 4 models available
- Diffuse and through-beam modes
- NPN or PNP, Push Pull, Light-on/Dark-on selectable outputs
- IO-Link available on select units
- IP50/IP65 rated
- Key potentiometer, teach-in
- For use with glass or plastic fibers

Also Available

SSF Series Fiber Optic Sensors

DFP/DFT Series Fiber Optic Sensors

Cuttable Plastic Fibers

Starting at $32

- Diffuse and through-beam fiber optic cables
- 2.2 mm diameter
- 2m fiber length
- IEC IP67 rating

Glass Fibers

Starting at $98

- Diffuse and through-beam fiber optic cables
- 1.6 mm diameter
- 1m fiber length
- IEC IP67 rating
