

Practical Touch Panels

for your PLC system

Drivers for:

- ControlLogix®
- CompactLogix®
- MicroLogix™ 1100/1400 Ethernet
- ENI Adapter for SLC Series
- FlexLogix
- SLC® 5/05 Ethernet™
- MicroLogix™

Tag-based Messaging

Import tags directly from the RSLogix 5000 L5K file

The most practical touch panel now supports several additional protocols for the Allen-Bradley® PLC brand. The Allen-Bradley Ethernet drivers allow simple connection of multiple panels and/or multiple Allen-Bradley PLCs. And ControlLogix® Ethernet/IP Tag Messaging support is a real time-saver that simplifies tag database migration.

You can import the RSLogix™ 5000 L5K file directly, or with just a few clicks you can directly enter your ControlLogix®/CompactLogix® tags from the PLC into C-more - no mapping or translation required! Other PLC drivers include certain protocols for GE Fanuc, Omron and Mitsubishi.

AutomationDirect C-more Touch Panels

Panel size	Price
6" STN Grayscale	\$395 ¹ / \$495 ²
6" STN - 256 colors	\$595 ¹ / \$695 ²
