

# Floor Stand Kits and Stabilizers

## Floor Stand Kits

Floor stand kits can be used to support most wall-mounted Wiegmann enclosures or to elevate freestanding enclosures.

Each kit includes two floor stands and mounting nuts and bolts. Floor stands are installed by drilling holes in the bottom of the enclosure and bolting the floor stands in place.

### Shipping Schedule

Same day 1 - 5 days 1 - 7 days 1 - 15 days 1 - 20 days

Color indicates shipping lead time in business days.
